

February Spotlight
Ian Bailey

We are pleased to feature Ian Bailey for our February spotlight. Ian was born in Nottingham, U.K., but his family brought him to Canada when they emigrated when he was just a baby in 1958. He has two brothers – one of them born in England and the other in Canada.

Ian was raised in Regina, attending school here. He has a science degree in biology from the University of Regina, as well as diplomas from SIAST in business admin, and accounting from NAIT (Alberta tech). He has worked for 25 years running a concession at Mosaic stadium. Other jobs have included casual work at a grocery store and five years working security for REAL district.

Ian was a parishioner at All Saints before it amalgamated to become Immanuel, and also worshiped at St. Mary's when he lived in that area. Even though he now lives in the north end of Regina, he likes coming to Immanuel because of the people involved. He finds them all so welcoming and warm and feels very much a part of the parish family.

At Immanuel, Ian helps out in many ways. He is a sides-person (greeting, passing collection plate, helping parishioners line up for communion); he takes turns in the kitchen doing coffee for fellowship; he helps count the collection once a month; he changes the messages on the sign on the lawn, and in the summer helps with outdoor maintenance and lawn mowing etc.

When not busy with church activities, Ian likes to surf the internet, watch TV, he does some reading and he likes to travel.

Thanks, Ian, for all you do for Immanuel! We are grateful for all your help!
